

Membership Meeting Agenda

7 p.m., Thursday, May 22, 2025, Mason District Government Center

Call to Order

NEW RESOLUTION

Education AI Resolution – Nancy Trainer

PROGRAM (7:15 to 7:35 p.m.)

Fairfax County Department of Public Works representatives will present the proposed Unified Sanitation Districts plan and answer questions about it.

Trash and Recycling District Proposal

Fairfax County has proposed a new waste collection system using the Unified Sanitation Districts. Under the plan, the county would manage waste for all single-family homes. Now, HOAs and private citizens contract directly with haulers.

Christopher Herrington, director of the county's Department of Public Works and Environmental Services, and Matt Adams, a director of the Solid Waste Division, will explain the proposal and answer questions from Federation members. Please bring your concerns!

The Board of Supervisors will hold a public hearing on the proposal on June 24.
